

## Universal Motorbike Luggage Carrier

Fits to most pillion seats to enable the strapping of luggage to the pillion seat of a motorbike.

Set includes:

- 1 x luggage carrier - Universal fit (works better with raised pillion seats)
- 3 x Multipurpose straps to extend the rear carrier strap or to strap luggage to carrier
  - 1 x 50cm short strap
  - 2 x 125cm long straps
- 1 x storage bag

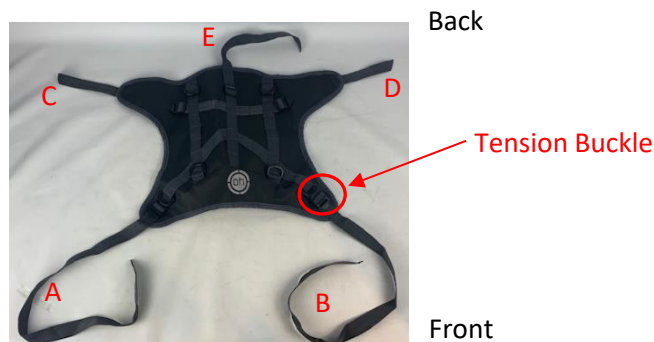

Example strap:

## Instructions for use:

1. Position luggage carrier over the pillion seat with the logo panel facing towards the front of the motorbike.
2. Locate suitable points for straps to securely fasten around - strongest points include frame or subframe of the motorbike, or grab rails.  
\*Please note: **DO NOT** fix the straps around any moving parts of the motorbike.
3. Secure by feeding the strap through the tension buckles on the cover. Examples can be found in the photographs on this document.

4. Wrap strap E around back luggage rail or similar point - use extension strap if required.
5. Wrap straps A and B around a frame or subframe position. Fasten through fitting on luggage carrier.
6. Repeat instructions for strap C and D. Fix in a safe position flat against the frame with the side padded sections over, below, or around any grab rails or pannier racks that may be on the motorbike.
7. Securely tighten all straps and even out the tension creating even pressure for optimum safety of your luggage.
8. Continue to attach luggage using straps provided, or your own straps/hooks.

This product has been manufactured for retail sale to offer an alternative arrangement for strapping luggage to a motorbike pillion seat. This product is not certified or crash tested, and as such is used at the owners risk.
